Nunavut Sealink & Supply Inc.

2021 Sealift season

www.arcticsealift.com

Dear customers,

Nunavut Sealink and Supply Inc., Taqramut Transport Inc. and Desgagnés Transarctik Inc. would like to wish you all the best for this Sealift season.

Given the ongoing coronavirus (COVID-19) pandemic, procedures that were implemented last season will continue to be applied for the 2021 season. Our personnel have or are in the process of obtaining their vaccines. Moreover, testing and quarantine measures will continue to be applied.

Sealift services are an essential service and, as such, we adapted our operational processes to meet the standards set out by local and public health authorities.

We are currently taking reservations for the 2nd and 3rd sailings. We encourage you to book your cargo transportation needs as early as possible to ensure that you have allocated space onboard the ship. This will also allow your suppliers the time to source and deliver the cargo on time to the loading terminal. Reservations can be made online at www.arcticsealift.com
