

Inuit Qaujimajatuqangit Coordinator

This position is based in Iqaluit and restricted to Nunavut Inuit.

The Nunavut Wildlife Management Board (NWMB) is the main instrument of wildlife management in Nunavut. We are currently seeking a dynamic individual to fill the position of **Inuit Qaujimajatuqangit Coordinator**.

The Inuit Qaujimajatuqangit Coordinator supports the NWMB Director of Wildlife Management and is a key member of a cross-cultural team of highly skilled individuals who are dedicated to achieving our vision of making Nunavut a world-class model for the cooperative management of healthy wildlife populations.

We are looking for an independent thinker and collaborative team member with excellent interpersonal, analytical and communications skills, who will bring their energy, leadership and initiative to the table, along with their dependability, flexibility and critical thinking skills. The successful applicant will have a passion for learning, as well as a keen interest in Inuit Qaujimajatuqangit and wildlife management. A willingness to live, work and travel in a northern environment, along with sensitivity to aboriginal cultural values, is essential to excel in this position and be a trusted member of our team.

Inuit Qaujimajatuqangit Coordinator:

- Leads and implements the NWMB's Inuit Qaujimajatuqangit Program
- Assists in ensuring the integration of Inuit Qaujimajatuqangit into the Board's wildlife operations and NWMB decision making
- Assists in the development of Inuit Qaujimajatuqangit and Indigenous Knowledge System policies
- Communicates and liaises with a wide variety of audiences on the use of Inuit Qaujimajatuqangit in wildlife management
- Is responsible for the development of an Inuit Qaujimajatuqangit research program

Qualifications: Our ideal candidate has knowledge of Inuit Qaujimajatuqangit principles, values, concepts and can demonstrate the role of Inuit Qaujimajatuqangit and Traditional Ecological Knowledge in wildlife management. He/she has experience working with Nunavut communities and stakeholders, particularly on wildlife issues. Demonstrated experience in the development of policies and procedures is required. Knowledge of ecological principles and qualitative and quantitative research is an asset. Post-secondary education (university, college, etc.) is an asset. Advanced knowledge of written and spoken Inuktitut is essential, and the ability to speak and write English is required.

The NWMB is committed to providing competitive salary levels to our employees. The pay level for this position is commensurate with qualifications and experience. We offer a full benefits package, including Vacation Travel Assistance.

Closing Date: November 01, 2019
