
On behalf of the Board and Staff of the Kitikmeot Inuit Association President Stanley Anablak wishes you all a Happy Nunavut Day for July 9th. Although we are facing a difficult situation, which makes celebrating Nunavut Day the way we have been accustomed to that much more different, we can still honour our negotiators that have given us the Nunavut Agreement as a tool for advancing Inuit rights in Nunavut. We look forward to working on your behalf to realize their vision.
