We think big and small
Need a pan-Arctic advertising campaign or a one-off design? Ayaya’s team gets it done.

Our northern staff connect people and businesses by hamlet, community, region and territory, across the huge expanse of Canada’s Arctic. We manage special events including trade shows, elections and campaign launches. And, we can write, produce and print your annual report. When you need to reach the North or Indigenous peoples across Canada, check out the Ayaya advantage!
