Although we will remember 2020 as a difficult year because of the pandemic, Makivik Corporation has made great strides in realizing efforts to create an Inuit Government in Nunavik. We have also implemented important steps to end systemic removal of children from their parents by taking legal action against this practice. I am very proud of our accomplishment in these two important issues.

On behalf of my executives please join me in wishing you a Merry Christmas and a New Year that will lead us to a Nunavik we have always wanted.

Makivik President
