SAFELY RECONNECT WITH CULTURE TODAY!

Culture is inspiring, surprising and stimulating—it allows us to experience all kinds of emotions. We have fun and discover new things. Sometimes culture can provide comfort, and other times it can enthrall us. Here in Québec, our culture has become a source of pride, thanks to the talent and creativity of our artists and the people who work behind the scenes.

Are you eager to reignite these emotions? Are you ready for culture? Culture is ready and waiting for you.

Whether it's at a museum, a library, the movies, a theatre, a concert venue or a bookstore, you can safely get back to all your favourite cultural activities.
